This is terrifying that we are seeing NONE of this on the news!!! WE MUST PROTECT OUR BORDERS!!!!!!  
**This is the 2nd raid this year - this one took place on 3/2/12 at 3 am - Border Patrol, Mexican Patrol, AZ swat teams and sheriff's undercover agents. I worked with one of the agent's dad for 25+ years and he sent these pictures this afternoon.**

**3-7-2012**

**Our country is in BIG trouble....Why was there no news coverage of this raid on the Arizona border?**

**Definitely NOT Jose wishing to come pick lettuce!**

**This is exactly why we MUST support ARIZONA.**

**This seizure was just five days ago. Right on the Arizona border! This is but one seizure that has taken place along the border over the past year. There have been many more like this (but you won't hear about it on major media news). Not a mention on ABC - CBS - NBC - MSNBC - or CNN news- - even on FOX. These photos and reports come from a Spanish language news source.**

**Thank God for the border patrol and that they did not allow this to get in. Huge stash of assault rifles (grenade launchers in center!).**

Enough ammunition to outfit a small army was confiscated.

Military caps and equipment were among the cache.

**All types of assault weapons were among the cache.  
Many were military grade weapons with plenty of ammo.**

There were enough guns to open a gun shop.

El Ejército reventó este martes un campamento improvisado de la delincuencia organizada en una brecha del municipio de Higueras, en donde encontraron un macro arsenal.

It was a major arsenal of weapons including grenade launchers (seen a little to the right of center picture).

El operativo se efectuó a las 10:00 horas por la brecha Camino a la Laguna, a unos 500 metros de la Carretera Marín-Higuera.

**Not only weapons but also vehicles believed to have been stolen were found at the site.**

El enfrentamiento con sicarios dejó un hombre muerto.

**One smuggler was killed during the operation when he fired on the border patrol agents.**

En la acción, al menos 25 delincuentes lograron escapar hacia el monte.

**See cellular phones!**

Debajo de una zona arbolada se aseguraron 12 camionetas de diferentes marcas.

**Arizona does not require a "front" license plate!**

Los vehículos contenían accesorios militares y policíacos.

**Numerous police style bullet proof vests were found in one vehicle.**

Fuentes militares estiman que en el lugar encontraron cerca de 200 armas largas y 30 armas cortas.

**More than 200 large weapons were confiscated along with about 30 smaller arms.**

Además hallaron dos lanzagranadas y un lanzamisil.

**2 grenade launchers were among the cache.**

Entre el arsenal habían más de 300 cargadores y presuntos uniformes del grupo delictivo.

**It appears these guys intended to portray themselves as police officers or military men.**

**Each and every vehicle checked had been reported stolen in the USA in the recent past! \$380,000 worth of stolen vehicles were recovered.**

**También fue decomisada una caja con 60 granadas.**

**More than 60 grenades of varying size were found. Arabic writing was on them.**

Numerous hand guns with loaded clips were found in the cache.

**A single grenade like this could bring \$5,000 on the streets of the USA.**

**Each of these weapons could be sold for as much as \$5,000 on the black market in the USA.**

**More than 80 stolen cell phones were found.  
These could be used for detonating bombs remotely.**

**Still more rifles were found stuffed in several SUV's.**

Clips loaded with live bullets were just too numerous to count.

All types of weapons including Afghan - Russian - Chinese and many others.

**Why would anyone object to protecting our borders after they have seen this?  
Our Federal Government is suing Arizona over its law. But the Federal law reads almost word for word as  
Arizona's. Problem is...the Federal Government refuses to enforce their law.**

**Sorta makes you wonder who our real enemies really are...doesn't it?
